DISCLAIMER & STATUTORY DISCLOSURES

General Risk.

Prospective clients are expected to carefully consider all relevant risk factors — including financial condition, risk-return profile, tax implications, and investment objectives — before making any investment decision. Past performance is not indicative of future results.

Market & Mutual Fund Risk.

All products marketed by AMPL Asset Management Services Pvt Ltd are subject to market risks including settlement risk, economic risk, political risk, business risk, sector risk and concentration risk. The strategy invests exclusively in direct plan mutual fund schemes; the NAV of underlying schemes is exposed to equity, debt, currency and commodity market fluctuations. Mutual fund investments are subject to market risks; please read all scheme-related documents carefully before investing.

Performance Attribution.

Past performance of the Portfolio Manager, the strategy, or similar products does not guarantee future performance. Returns shown are computed using the Time Weighted Rate of Return (TWRR) methodology in line with SEBI's circular dated 02-December-2022. Direct plan returns are gross of all distribution / commission charges but net of fund-level expenses (TER). Individual investor returns may differ owing to timing of inflows/outflows and portfolio composition differences.

Tax, Legal & Advisory.

Prospective investors are advised to seek independent professional legal, accounting and tax advice before deciding on any investment or disinvestment.

AMPL Asset Management may have financial or business interests that could affect the objectivity of the views expressed in this document. The document is for informational purposes only and does not constitute an offer, solicitation, recommendation, or invitation to purchase or sell any investment product.

SEBI Disclosure.
